To Whom it May Concern,

I am happy to relate my personal and professional experiences with American Irrigation to you. I have only had the pleasure of working with your company for a short time but find everyone from Pat who answers the phone to Jay & Chris in the field to be courteous prompt and professional. I am very happy with their service along with and the 160 residents in two separate communities I represent that employ your services. They have nothing but high praise for your company. Keep up the good work.

Yours truly,

Mike Harmon
